

## DEA-25-01460 Maternity related calls between 1st January 2024 and 31st December 2024 - Summary

### Question 1

The number of maternity/obstetric related calls you received in 2024 and what percentage of your total calls this equates to.

Callouts	Maternity Calls - 2024	Total Callouts	% Total Callouts
Total	849	226,989	0.37%

**Criteria:** Calls take place between 01/01/2024 and 31/12/2024; Call Stopped Reason is NOT equal to "Duplicate Call", "Call Entered in Error", "Call for Information Only" or "Test Call"; Chief Complaint/Symptom Group is equal to "PREGNANCY / CHILDBIRTH / MISCARRIA" OR Despatch Code/Disposition contains "12C02" or "12C02E" OR Initial Chief Complaint/Symptom Group is equal to "PREGNANCY / CHILDBIRTH / MISCARRIA"

*NB: Data may be under reported as depends on the information that has been recorded.*

### Question 2

The number of babies you deliver each year.

Callouts	2024
Total	35

**Criteria: As for Q1** - Calls take place between 01/01/2024 and 31/12/2024; Call Stopped Reason is NOT equal to "Duplicate Call", "Call Entered in Error", "Call for Information Only" or "Test Call"; Chief Complaint/Symptom Group is equal to "PREGNANCY / CHILDBIRTH / MISCARRIA" OR Despatch Code/Disposition contains "12C02" or "12C02E" OR Initial Chief Complaint/Symptom Group is equal to "PREGNANCY / CHILDBIRTH / MISCARRIA" Also - Despatch Code/Disposition Description is equal to "PREG / CHILDBIRTH / MISCAR - Baby born (no complications)" or "PREG / CHILDBIRTH / MISCAR - head visible/out" OR What's the Problem/Reason for Call contains relevant information

*NB: Data may be under reported as it depends on the information that has been recorded.*

### Question 3

The number of cases of

#### a) Post-partum haemorrhages you treat;

Callouts	2024
Total	36

**Criteria:** Calls take place between 01/01/2024 and 31/12/2024; Call Stopped Reason is NOT equal to "Duplicate Call", "Done by another Service", "Call Entered in Error", "Call for Information Only" or "Test Call"; What's the Problem contains the word "Partum" in the correct context (i.e. Anti-partum is not included)

*NB: Data may be under reported as it depends on the information that has been recorded.*

#### b) Breech babies you deliver;

Callouts	2024
Total	5

**Criteria:** Calls take place between 01/01/2024 and 31/12/2024; Call Stopped Reason is NOT equal to "Duplicate Call", "Done by another Service", "Call Entered in Error", "Call for Information Only" or "Test Call"; What's the Problem contains the word "breech" OR Despatch Code/Disposition Description contains the word "breech"

*NB: Data may be under reported as it depends on the information that has been recorded.*

#### c) Shoulder dystocias;

Callouts	2024
Total	0

**Criteria:** Calls take place between 01/01/2024 and 31/12/2024; Call Stopped Reason is NOT equal to "Duplicate Call", "Done by another Service", "Call Entered in Error", "Call for Information Only" or "Test Call"; What's the Problem contains the word "dystocia"

*NB: Data may be under reported as it depends on the information that has been recorded.*

#### d) Cord prolapses ;

Callouts	2024
Total	0

**Criteria:** Calls take place between 01/01/2024 and 31/12/2024; Call Stopped Reason is NOT equal to "Duplicate Call", "Done by another Service", "Call Entered in Error", "Call for Information Only" or "Test Call"; What's the Problem contains the word "prolapse" in the correct context (i.e. other forms of prolapse are not included)

*NB: Data may be under reported as it depends on the information that has been recorded.*

#### e) Neonatal resuscitation;

No information specifically in this format. The only way to source this would be to look at all calls that would relate to neonatal and check if CPR was carried out. This would be disproportionate I expect as a significant amount of time has already been spent in sourcing all of the remainder of the data

#### f) Women you attend in labour.

Callouts	2024
Total	711

**Criteria:** Calls take place between 01/01/2024 and 31/12/2024; Call Stopped Reason is NOT equal to "Duplicate Call", "Done by another Service", "Call Entered in Error", "Call for Information Only" or "Test Call"; What's the Problem contains the word "Labour" (but not "Labouring Breathing") OR information in What's the Problem that relates to Labour for example Contractions, Waters Broke, full term 38 - 40 weeks , bleed and severe pain.

*NB: Data may be under reported as it depends on the information that has been recorded.*
