Dear

FREEDOM OF INFORMATION REQUEST

Request No: 43336-25
Subject: Naloxone administration
Date Received: 11/09/2025

Thank you for your request for information received on 11th September 2025 which was dealt with under the terms of the Freedom of Information Act 2000. Northern Ireland Ambulance Service (NIAS) Health and Social Care Trust has now completed its search for the information you requested and that is detailed below.

FOI QUESTION(S)	ANSWER(S)
1. The number of instances in which naloxone has been administered by NIAS staff or other medical professionals in Northern Ireland, for each year available up to and including 2025.	Please see attached dataset.
2. Of these instances, the number in which naloxone had to be administered more than once to the same patient in a single episode.	The Trust would confirm that it holds aspects of the information you have requested, however, Section 12 of the FOI Act provides an exemption from a public authority's obligation to comply with a request for information where the cost of compliance is estimated to exceed the appropriate limit. It is currently estimated that to locate, extract and collate the information requested from the system would take approximately 40 hours. Therefore the Trust is not required to provide a response to this element of your request.
3. The number of instances in which naloxone was administered but the recipient subsequently died, if such information is collected. If this information is not recorded, please confirm.	
4. A geographic breakdown of the above data at the lowest level of geographic detail held by NIAS that can be released without breaching confidentiality.	Please see attached dataset.

The Trust has a duty to protect patient confidentiality, in line with this duty the figure <5 has been provided where the figures are very low. This is because of the potential risk of identification of an individual. In reaching this decision the Trust has taken into account the small geographical area covered in this request. In addition the Trust has taken into account the fact that all information disclosed in response to an FOI is disclosed to the 'world at large' and will be published on the Trust website.

I hope the above fully assists you.

Please note that, under the Re-use of Public Sector Information Regulations, if you wish to publish or otherwise use this information besides for your own means, you will need to seek our permission to do so.

If you are dissatisfied in any way with the handling of your request, you have the right to request a review. You should do this as soon as possible, or in any case within two months of the date of issue of this letter.
