

COVID- 19 Notice

Monday 23 March 2020

Temporary accommodation options for NIAS staff.

As the Coronavirus situation worsens, the Trust is aware that some members of staff may have particular concerns about maintaining close contact with family members who are identified as being at high risk and as a result need to make alternative accommodation plans to be able to remain at work.

The Trust has been working over the last week to explore accommodation options for our staff in these circumstances and are currently examining a number of options including hotels and universities. However, as you can appreciate with a number of hotels closing, this situation is liable to change.

Any member of staff who would believe it is necessary for them to avail of alternative accommodation during the current situation should make their requirement known to their line manager in the first instance who should be in a position to provide the most up-to-date information.
